Serving more than 2,500 U.S. hospitals and over 73,000 other healthcare sites, Premier Healthcare Alliance and its members are transforming healthcare together.

Premier unites an otherwise fragmented, chaotic and inefficient healthcare system to enable hospitals to provide patients with reliable, high-quality healthcare at the lowest cost. Premier uses facts to determine the best practices and products that drive the best patient outcomes. Everyone wins when there is no sacrifice in quality or cost.

Prairie Health Ventures (PHV) exists to help hospitals succeed through collaboration.

We are an active alliance of 50 hospitals and an additional 500+ healthcare affiliates concerned about controlling costs and improving quality.

Included in our membership are hospitals, pharmacies, physician practices, surgery centers, home-health services, long-term care centers, and entire healthcare systems.

We aspire to be the leading alliance of hospitals in Nebraska, Northern Kansas, and Western Iowa by engaging in a variety of business activities which support the local delivery of healthcare services. This is accomplished through an actively engaged membership who participates in alliance activities and funds the organization through a highly committed group purchasing program.

As one of 200 Premier owners, PHV continues to establish a unique heritage with over 35 years of serving its members. We currently rank as one of the top 20 shareholders in Premier, Inc.; an accomplishment made possible by our dedicated and loyal members.

GPO Services
Traditionally, our core focus has been in group purchasing with Premier. By utilizing the available contracts, members realize needed cost savings, improved productivity, and benefits of a national strategic partner.

Our portfolio of services includes:
- Access to over 1,400 national contracts
- Access to 800+ business partners
- Employee discount programs
- Innovative analytic Web-based tools
- Supply-chain consulting to critical access hospitals (CAH)

IT Services
PHV offers the following IT solutions:
- Executive IT leadership
- Environment assessment
- Virtualization
- Remote access
- Single sign-on
- Networking
- Business continuity
- Support for Microsoft Applications
- Recruiting

Other Services
PHV also provides value in the following areas:
- 340b Pharmacy Program
- Mobile patient simulator program
- Hospital physician alignment and administrative solutions
  www.healthendeavors.com
- Physician practice solutions
