ASCEND®: There is no ASCEND award in this category.

How to Operationalize this Agreement

- A Participating Member Designation Form (PMDF) or electronic price activation (PA) is required at Tier 2.
- When calling or visiting a store, you will be assigned an account number. Leslie's Poolmart will verify the account number and process the order. You can identify yourself with your name, address and phone number, and the store associate will be able to locate the account number. The account number will be downloaded into the store's point of sales system for subsequent purchases. **To ensure you receive the pricing and benefits negotiated on behalf of Premier, please provide your account number before ordering.**

Aggregation Opportunities

Aggregation is allowed for multi-facility systems, group purchasing organizations and established networks of facilities.

Class of Trade

Agreement is available to acute care, non-acute healthcare and non-healthcare facilities.

Other Key Value and Terms

- Pricing is firm through 2019; thereafter prices may increase, not to exceed 3 percent of the line-item contract price in effect during the previous 12-month period. Justification for price increase must include general market indices indicating increases in raw materials, labor costs, freight costs or other relevant factors.
- Financial analysis reveals that Leslie's Poolmart's new agreement pricing has an overall 9 percent increase compared to its expiring agreement pricing. This increase is due to the pricing increase of raw materials, such as bromine and chlorine.
- Orders less than \$100 will be accessed a shipping fee.
- Salt, sand and diatomaceous earth must be picked up a store location. Liquid chlorine and liquid acid products are available via local delivery only and only within 25 miles of a Leslie's Poolmart commercial service center location.
- Available direct: Leslie's Poolmart
