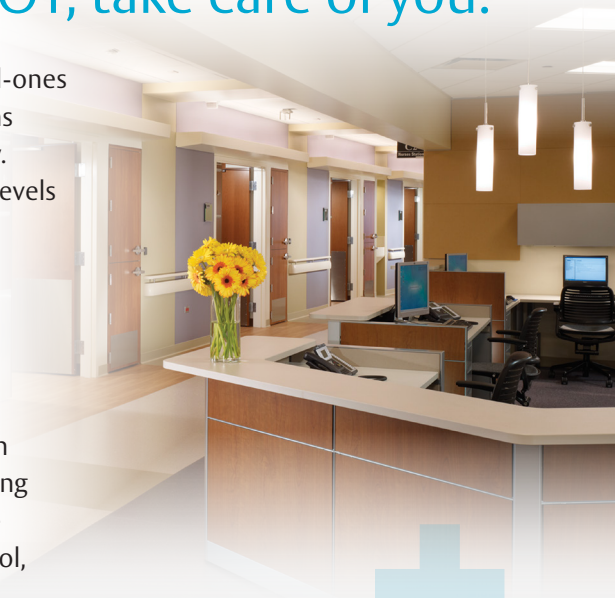
ASSA ABLOY
Opening Solutions

The global leader in door opening solutions

You take care of patients...
Let your specialized partner, ASSA ABLOY, take care of you.



Providing well-maintained and healthier environments for patients and their loved-ones is a priority for healthcare facilities. ASSA ABLOY has the expertise to offer solutions and services for your environment of care to perform with precision and efficiency. Our offering of specialized products and services for healthcare facilities spans all levels of safety, security, sustainability, compliance and design.

- Regulatory Compliance
- Safety and Security
- Smart Facility Design
- Healthcare-compatible innovation

Our goal is to provide the proper selection of door and hardware products that can help protect patients from harm and maintain a level of security for others, including professional and clinical staff. ASSA ABLOY Group brands offer products that come together to form complete openings. Doors, frames, locks, electronic access control, gasketing, door controls, hinges, pivots, accessory hardware and power supplies — our products answer any doorway challenge, including those routinely found in behavioral health and crisis intervention centers.

Patient Security and Asset Protection

Each application within a hospital necessitates distinct door security solutions that must integrate together to form a comprehensive, yet easily manageable security system.

Design & Sustainability

Healthcare organizations are creating environments that are therapeutic, supportive of family involvement and restorative for workers under stress, all while adhering to sustainable construction guidelines.
