Remote Interpreting Services

Get the industry’s best rates for Video Remote Interpreting (VRI) and Over-the-Phone Interpreting (OPI) services.

Equipment Program

Propio provides equipment for our partners upon their request. Our equipment offering consists of phones, audio devices, tablets, pcs and carts/stands.

Telehealth

Telehealth companies save an average of 30% or more on monthly invoicing when switching to Propio.

Utilize our Propio ONE app as a substitute, or in conjunction with your telehealth or EHR.

No minimum required times. Billing structure and scheduling is flexible for this method.

Video Remote Interpreting (VRI)

American Sign Language (ASL), Spanish, and other languages available on-demand. Available throughout the United States.

Over-the-phone Interpreting (OPI)

Dial a toll-free or local number, use voice recognition to select a language, and connect with an interpreter who can help you communicate with non-English speakers. Available 365/24/7.

Document Translation and Localization

Receive fast, accurate document translations with access to our portal where you can upload documents for a quote. Available worldwide.

Tech-forward and client-obsessed, we take a simple approach to our full suite of remote, in-person, and written language services by offering no hidden fees, easy-to-use tools, and great reporting.

With a network of over 5,000 high-quality and medically-qualified interpreters, we are committed to closing the language gap and partnering with our clients to offer superior services at a lower cost.
