

Revolutionize your payments

Our wide array of payment solutions provides the flexibility, convenience and simplicity you need to manage business, travel and fleet expenses effectively. As your payments partner, we leverage our strategic expertise, dedicated resources, and innovative technology to enhance the value of your payments.

Virtual Pay

[U.S. Bank Virtual Pay](#) is a highly secure electronic payment method that uses a one-time use credit card number coded for a specific vendor, amount and expiration date. Simple to implement and easy to use, organizations can begin using Virtual Pay without additional software, hardware or time-intensive staff training. It can be used as a stand-alone payment method or as part of a Purchasing Card or One Card program.

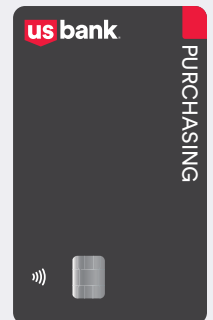

Corporate Travel Card

The [U.S. Bank Corporate Travel Card](#), tailored for business travel and entertainment costs, offers convenience to employees and control to organizations. It offers a range of benefits including spending controls, detailed reporting, worldwide acceptance, dedicated service support and the optional U.S. Bank FlexPerks® Corporate Rewards program.

Purchasing Card

Often used for indirect expenses like office equipment, maintenance, temporary workers, subscriptions, etc., the [U.S. Bank Purchasing Card](#) simplifies the procurement-to-payment process. It allows businesses to buy goods and services promptly, lower transaction costs, monitor expenses, benefit from supplier discounts and reduce petty cash and more.

One Card

The [U.S. Bank One Card](#) consolidates purchasing, travel and fleet expenses into a single card program. Designed to help businesses streamline their expense management processes, the One Card comes with several features including detailed spending reports, individual spending limits, and the optional FlexPerks Corporate Rewards program.

U.S. Bank Voyager® Fleet Card

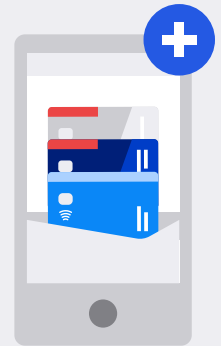

The [Voyager Fleet Card](#) is a comprehensive payment solution designed for businesses that manage vehicle fleets. It allows organizations to manage and control fleet-related expenses including fuel expenses and maintenance costs. The Voyager Fleet Card is accepted at 97% of U.S. fuel stations and provides detailed reporting for easy expense tracking.

U.S. Bank Instant Card®

[Instant Card](#) is a virtual payment solution that uses a desktop or mobile app to send a virtual credit card to a user's mobile wallet for immediate use. It provides a convenient, easy to use and secure payment method for users, especially those without a corporate card, and spend controls for Program Administrators.

Want to include Instant Card functionality in your own app? Checkout our highly tailorable, embedded virtual card solution, [Card as a Service](#).
